

How to use the Meeting Guide App

Workshop March 20, 2021

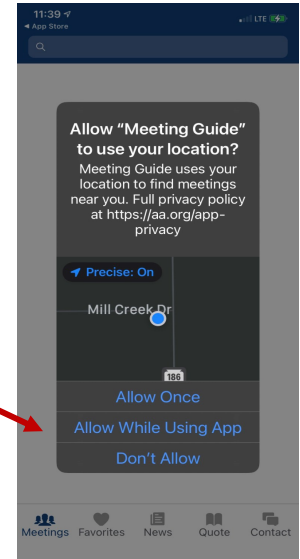

Presented by Area 74 PI committee
and Area 74 Webmaster

Finding the app on your smart phone

- Go to the App Store
- Enter meeting_guide in the search field
- Download and install.
- Note: iPhone images shown; android may look different.

- After the app is installed, it will ask you to allow the guide to use your location.
- Choose Allow While Using App.

- If you select Don't Allow, the location finder may not function properly.

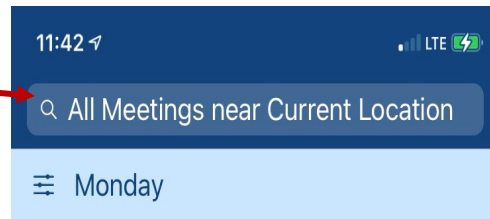

Current location Default

- The current location of your own phone will be the default location used by the Meeting Guide App.
- The app finds the nearest meetings to your current location.

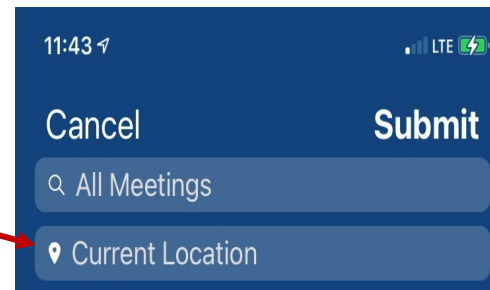

Specific Location Search

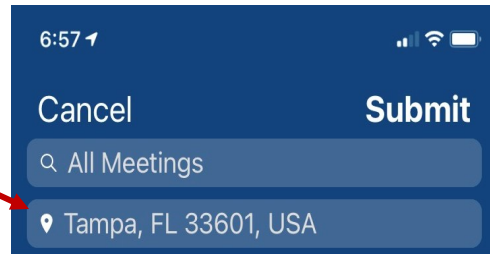

- Click next to magnifying glass.

- The Location field appears, displaying Current Location. Click into that field.

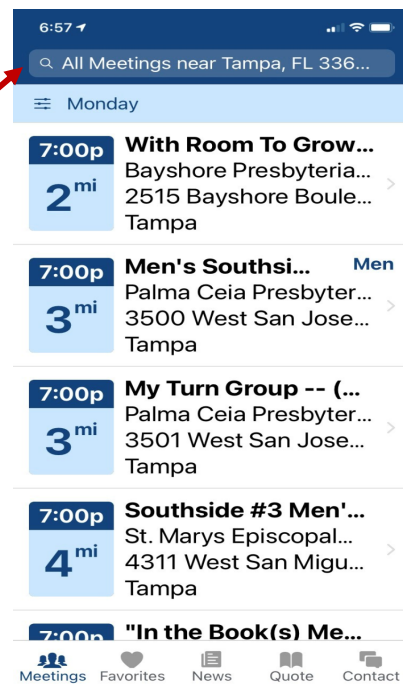

- Enter the zip and the app fills the city and state for you. OR enter the city and state.

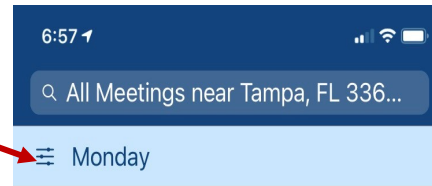

Results of Specific Search

- Search results will list meetings near the city, state and zip that was entered.
- In this example, it's a list of the Tampa FL meetings.

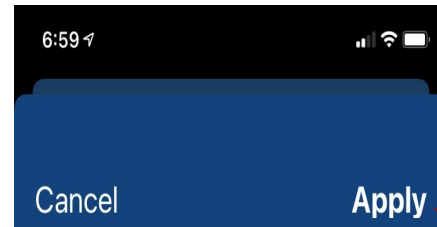

Day Default

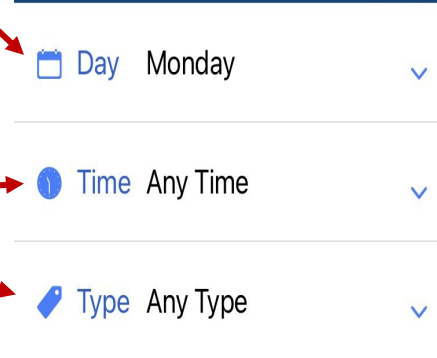

- Day default will be the current day of the week.

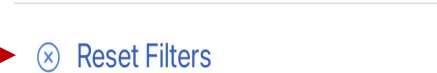

- To change from current day, click on the Day at the top of the filter list.

- Click on Time or Type to further define your search

- Reset Filters returns all settings to default.

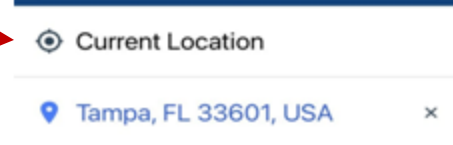

- When you are done, click Apply.

Back to Current Location

- Click in location field .

- Then click Current Location.

- Meeting Guide App returns you to your phone's current location.
